KJs – 868- HG

KJ's High Gain Antenna is used to increase the range and signal strength on the KJ's SmartLink wireless switch kit.

Electrical Data	KJs-868-HG
Operating Frequency	868 mHz - 4G
Gain	6dBi
VSWR	≤1.5 : 1
Polarisation	Vertical
Radiation	Omni
Impedance	50 Ω
Rated Power	50 W

Mechanical Data	
Cable Length/Type	4M / RG 58
Connector Type	SMA Male
Colour	Black
Size	Base 90mm Height 350mm
Weight	110G
Base	Steel with Magnet
